

DuraFlex

3Phase • No Batteries • MultiRange

- Range selectable from PowerPro
- Powered from logger
- 600V Category IV Flex Heads
- Rugged Design
- Light Weight
- Waterproof Sensor
- Low Phase Shift for Power Measurement
- Insensitive to DC offsets

Flex Head Length	20"
Cable Length	2 meters (6.5')
Accuracy	1% of full scale (Assuming conductor centered in loop and perpendicular to loop)
Operatinn Temperature	-10°C to 55°C

 Proudly Canadian
