To Whom It May Concern:

**Subject: Candura Instruments Letter of Reference**

As manager of the Electro-Technologies Group at Hatch Ltd., I have maintained a continuous business relationship with Candura Instruments since the year 2000. Over the course of these eight years Candura Instruments has provided us with prompt and technically comprehensive services and excellent customer support in the areas of electrical power measurements, and is a preferred supplier of power quality measurement instruments for Hatch Ltd. Their Candura PowerPro is an accurate, reliable, and rugged power quality measurement meter and has been used regularly by Hatch at various industrial complexes around the world.

I confidently recommend Candura Instruments as a well qualified supplier of power quality measurement instruments and services.

Yours very truly,

A handwritten signature in black ink, appearing to read "Tom Ma".

Tom Ma
